

DEUS™ Rope-Over-Wire Anchor Choker

The wire anchor connector that's truly flexible.

Until now, choosing an anchor connector meant choosing between the strength, cut-resistance and heat-resistance of steel cable vs. the flexibility and ease of use of rope or webbing.

Now you can have it all.

The all new DEUS Rope-Over-Wire (ROW) Anchor Choker is a truly innovative design that has all the flexibility you need to set an anchor in non-electrical situations.

The best of both worlds

The DEUS ROW can do all of the things a synthetic rope anchor connector does, but with the strength, durability and cut-resistance you need from steel cable.

The DEUS ROW is constructed of galvanized steel wire cable. But, unlike traditional wire anchor connectors, the DEUS ROW is sheathed with bright orange, braided polyester rope. That means it's extremely flexible – even a Klemheist friction hitch is possible, to minimize slippage. It's also easy on the hands – no cracking, no sharp edges. And its bright orange color makes it easy to inspect rigging.

Don't choose between rope and steel cable. Just choose the best – DEUS Rope-Over-Wire Anchor Choker. It's available in a variety of length and wire rope sizes.

DEUS Rope-Over-Wire Anchor Choker
Length and Size Options

Part #	Wire Rope Diameter	DEUS ROW Diameter	Length	MBS (lbs)
B147324	7/32"	7/16"	4 ft	5600
B147326	7/32"	7/16"	6 ft	5600
B147328	7/32"	7/16"	8 ft	5600
B168324	1/4"	1/2"	4 ft	7000
B168326	1/4"	1/2"	6 ft	7000
B168328	1/4"	1/2"	8 ft	7000
