

# Each DEUS 3000 Series device is an all-in-one, does it all, all purpose rescue package.

It's not bragging if it's true.

## Personal bailout

Carry it pre-rigged so it's ready when you need it – just anchor and go, under manual control or fully hands free in “stop” or “go” mode.

## Vertical rescue

Rig for victim rescue and you have complete control – manual or hands free – for fast, safe descent.

## Rapid sequential rescue

DEUS 3000 Series devices operate in both directions – no need to re-rig between descents. Evacuate three people safely from a 4<sup>th</sup> floor in less than one minute.

## 2-person assisted rescue

With an extra carabiner, your DEUS 3000 Series device can be used to safely perform a 2-person rescue, hands free or under manual control.

## Hands free work positioning

Descend to position, turn the control knob to “stop”, and you're in position to work. Ready to descend? Turn the control knob to “go.”

## Confined space rescue and hauling

With a rope grab and extra carabiner, rig your DEUS 3000 Series device with 2:1 mechanical advantage to serve as a fast, effective haul system in confined space.

## Short- or long-distance lifting

With a short-hoist and rope grab, your DEUS 3000 Series device is an instant lifting system not limited to the distance between the short-hoist and pulleys. Converts instantly from lifting to lowering when the rope grab is removed.

## Travel restraint

Rigged for “escape” or rescue”, DEUS 3000 Series devices provide quick, simple hands-free travel restraint with either single or dual tethers.

The DEUS 3000 Series was designed to deliver easier, faster, safer escape and bailout. But what really sets it apart from the crowd is its amazing versatility.

The advanced technology and superior engineering mean each DEUS 3000 Series device can support a number of practical uses, making it a complete escape and rescue package.

Get a DEUS 3000 Series controlled descent device for personal escape and bailout...use it to support all of your vertical rescue and work needs.

When lives are on the line, trust DEUS Rescue.
