DEUS™ Demonstration and Training Kit

Everything you need to effectively sell or train on DEUS Vertical Rescue Systems.

NOTE: Items shown may not exactly match actual items provided in kit. See reverse side of this sheet for details of kit contents.

This kit provides DEUS-Certified Trainers and Instructors with the tools to safely and effectively demonstrate the use of DEUS Vertical Rescue Systems in a variety of applications, for various markets.

A single kit includes a variety of carabiners, anchors, pulleys and other gear (see back side for complete listing). It's all packed in a nifty haul bag, with space to add up to three DEUS controlled descent devices and 300 ft of 7.5 mm DEUS rope (each sold separately).

Use a DEUS Demo and Training Kit, in conjunction with DEUS controlled descent devices, DEUS 7.5 mm rope, harnesses, work gloves and helmets, to demonstrate all of these situations:

- Bailout for firefighters, wind tower technicians, tower crane operators, construction and general industrial workers
- Controlled descent for SWAT and Special Ops
- Platform rescue
- Rapid sequential escapes with single or multiple DEUS units (one required for each person)
- Travel restraint with single or double anchor
- Vertical positioning
- 2-person rescue
- Heavy rescue
- Lightweight rescue
- Ladder rescue
- "Unreachable" rescue after fall-arrest
- Self-rescue after a fall
- Confined space rescue
- Hauling and lifting

Kits are designed to accomplish demos and training at progressive heights, from 2 meters up to 20 meters with the DEUS 3100, 3200, 3300, 3700 or 4300 Vertical Rescue Systems (sold separately).

NOTE: DEUS Demonstration and Training Kit is available only to DEUS-Certified Trainers and Instructors, and is not authorized for resale.

DEUS Demo & Training Kit components:

PART # K-GDEMO-1B

Additional product required for training or demonstration

In addition to the DEUS Demonstration and Training kit, training and demonstrations require the following for each person being trained and for each member of the training team:

Harness

Work gloves

Helmet

DEUS Certified Instructors and Trainers must also have at least one complete DEUS Rescue kit featuring the appropriate DEUS controlled device being demonstrated (IN ADDITION to the product intended for sale, to avoid wear and tear on the sale product), plus DEUS 7.5 mm rope.
