

"Rapid Response" Gets Truly Rapid.

New DEUS™ Rapid Response kits are lightweight and ideal for a variety of rescue situations when speed really counts.

With a DEUS Rapid Response kit at hand, your Rapid Intervention Team is armed for fast, reliable rescue in a range of situations.

DEUS Rapid Response kits are built around the DEUS™ 3000 Series vertical rescue system. This all-in-one rescue solution is versatile, tough, easy to use, operates hands free, and has four independent brakes for extra safety.

The DEUS Rapid Response kits include everything to perform a wide variety of rescues, and fast. It's all in a pack that weighs less than 20 lbs., so RIT members can get in fast, set up fast, rescue fast, and get out fast.

Use a DEUS Rapid Response kit for all of these rescue situations:

- Vertical rescue
- Bailout – hands free!
- Rapid sequential vertical rescues
- 2-person rescue
- Hands-free vertical positioning
- Travel restraint with single or double tie-off
- Confined space rescue
- Lifting and hauling with 2:1, 5:1 or 10:1 mechanical advantage over full length of rope
- Ladder rescue
- Rescue after a fall

Two DEUS Rapid Response kits available.

K-F3100-1M

Features the DEUS 3100 vertical rescue system – rated for descents up to 100 ft.

K-F3700-1M
