

# DEUS Rescue Municipal Leasing Program

When you finance all or part of your DEUS equipment purchases, you can own the equipment today, and pay for it later.

You know that supplying your department's firefighters with the DEUS 3100 means lives are saved and injuries avoided. With the DEUS Rescue Municipal Leasing Program, providing firefighters with this advanced bailout and rescue solution is now within reach.

A municipal lease means your department owns the equipment, but smaller payments are spread over multiple budget years. You get the very best that money can buy, and your budget goes a lot further.

Finance your DEUS equipment purchase with a DEUS Rescue Municipal Lease for all the right reasons...

**Complete** – Finance 100% of your purchase with no money down for purchases as low as \$5000. The program covers DEUS controlled descent devices, rope and accessories...everything.

**Affordable** – A municipal lease is a tax-exempt lease-to-own contract. Every payment goes towards ownership. DEUS Rescue offers affordable rates with no additional fees.

**Flexible** – Finance terms are available for 2 years up to 6 years. Choose a lower rate, or a lower payment. Payments can be monthly, quarterly, or once a year. It is truly your choice.

AS AN EXAMPLE, consider an equipment purchase of \$200,000. 100% financed through a tax-exempt lease purchase could result in the following arrangement (terms subject to credit approval):

- 5 year term – 60 monthly payments of \$3,656.29 at 3.70%; pay only \$43,875.48 in each of the five years.

Don't let your department budget stand in the way of keeping your firefighters safe. Let DEUS Rescue structure a municipal lease that meets your particular requirements.

When lives are on the line, trust DEUS Rescue.
